Homeboy's Soul: Pride, Terror & Street Justice in America

Don Armijo & Fred Stawitz

In some areas of America, the law has turned away, leaving people to find their own justice. "Homeboy's Soul: Pride, Terror, & Street Justice in America" tells a story of the barrio, where many Hispanic people faced life in the ghettos, faced with gang violence and the blind eye of the law. Don Armijo brings readers his own experiences where he saw many people close to him die violent deaths. "Homeboy's Soul" is a choice pick for those wanting insight on the plight of the Los Angeles Underworld.
